VOTE TOMORROW

BJC Roundup

Boise, Idaho, Nov. 3, 1954

Sandra Deppe and Marjorie Black are shown helping Rex Fraser cast his ballot for tomorrow's mock election.

Margarita Stege

This week we are very privileged to have an interview with Miss Margarita Lindemann Stege. Miss Stege is a student from La-Paz, Bolivia. She graduated from College Mariscal Brawn, a German high school in Bolivia. She then came to the United States to finish her education.

Very different from our own high schools here in America, the Bolivian students go to school at 8 o'clock in the morning and continue through until 5:30 in the evening. Then, on top of all this, the students are required to take the following courses: math, physics, chemistry, German, Spanish, English, geography, history and philosophy. Also, the merit system in Bolivia is very different from our own. The students are graded in the following manner: five, excellent; four, superior; three, average; two, poor; and one is failing.

When asked about the school dances, Miss Stege replied, "They are the same as here, the boys sit on one side of the room and the girls on the other." However, in her country there are few school dances, Miss Stege said. More popular are the folk dances along with the rhumbas, sambas and tangos.

Included in their athletic activities, the Bolivian students have volleyball and football. However, their football games are played much differently in Bolivia that they are here, it was stated by Miss Stege.

The school year in this South American country commences in January and ends in October. The students have a two weeks winter vacation in June and have their summer vacation in the months of November and December.

Let's Vote

BJC students and faculty will have the opportunity to vote for president tomorrow from 9 a.m. to 3 p.m. in the main hall. Only the candidates for president for the Republican and Democratic parties will be on the ballot. All students and faculty are urged to take this privilege of voting and use it wisely. This is a mock election and has no bearing on the election of the candidates, however it is to be used to determine the trend of voting to see whether or not it is Republican or Democratic.

Last year under 60% of the American people voted and that means that a total of 40% of the population did not even use their right as an American citizen and vote. All the people 21 or over have the wonderful right to voice their opinion of a good candidate for office and have the power to elect the person they want for this office. This right of free election is for you so let's use it.

A special election committee under the ASB executive council will be appointed for this function and will have charge of carrying out the proper procedure of an election. The student executive board and Student Body President Rex Fraser will also participate in this election.

Speech Class

What are your views on BJC's football competition? Do you consider the competition above, equal or below that of the Broncos?

In a roundtable discussion, in speech, Jack Thurman, moderator, Sandra Deppe, Lee Rodman and Jack Masterson shared their feelings, with some disagreement at certain points.

As a whole these students agreed upon the fact that the Broncos are competing with equal opponents. Also they agreed that the games should be held closer to home because the school funds do not allow traveling expenses as would be necessary in better competition.

What is the relationship of dirty playing? Need the team play back in the same way? NO! Because the team may play back hard instead of dirty. In this manner they would get back at their opponents with more satisfaction and cleaner sportsmanship.

Newman Club Elects Officers

At its first meeting, the Newman club held its election for this year's officers. Those people chosen were Jerry Williams, president; Bunny Kane, vice president; Mary Louise Deroin, corresponding secretary; and Jim Campbell, treasurer. Representatives to the Inter-Faith council are Jo Lizaso and Mary Gottenberg.

Plans were discussed for having a communion breakfast, to be held early in November. Also plans were made for the initiation of new members.

Various committee chairmen were also chosen at this meeting. This list is composed of Phyllis Chamberlain, social chairman; Harry Wisdom and Bunny Kane, membership; Phil Meagher, transportation committee; and Miki Flaherty, intellectual committee.

NOTICE TO DORMS

Tomorrow, Tuesday, November 4, all the residents of Morrison and Driscoll halls will have their picture taken at 1:00 p.m. in front of the dorms. Be there on time so you won't have to miss too much of your class period. Men will be taken first.

Teacher of the Week

Hunting is the main interest of Doctor Pehlke, his wife and two boys. Their spare time lately has been spent hunting for a new house.

Dr. Pehlke finds teaching in a smaller school both friendly and personal. He believes the main object of psychology in colleges in these times is to give people a new concepts that they can live by.

In his classes in applied and general psychology, Dr. Pehlke uses the knowledge he acquired while attending Oregon State college for his bachelor of science degree, University of California at Berkeley for his masters, and the University of Utah, Salt Lake City, for his doctor's degree.

Dr. Pehlke spent three years at San Quentin as clinical psychologist and was director of guidance at Lassen Junior college, Susanville, California.

Faculty Wives Hold Meeting at Chaffey Home

At a meeting of the Faculty Wives at the home of Mrs. Chaffey on October 24, Mrs. J. B. Spulnik was elected president, taking the place of Mrs. Robert DeNeufville who served during the past year.

Inter-Faith Council Holds Meeting

The Inter-Faith Council met Tuesday noon in Dr. Baker's office for their first meeting of the year. Representatives were there from the Newman club, Canterbury club, First Presbyterian group, The First Christian group and the Chapel Fellowship. Election of officers will be at the next meeting. Tentative plans for the first of this year will include a fireside at Morrison hall in November and help to needy people at Thanksgiving. Also on the agenda is the drawing up of a constitution. Dr. Baker is again the faculty adviser.

Winner of Contest

Darlene Young was judged the senior winner of the district "Make-It-Yourself-with-Wool" contest sponsored by the Idaho Wool Growers auxiliary.

She made an all-wool dress which she modeled before the judges a week ago Saturday at the YWCA. She will model the same garment at the state contest in conjunction with the annual convention of Wool Growers in Idaho Falls Nov. 16-18. State winners go on to Chicago for national competition.

She is a BJC freshman majoring in home economics and wants to go on and be a home demonstration agent.

Spanish Club Holds Party

Buenos Dias! Food, fun, and Spanish will be mixing in the Morrison Hall recreation room to-night at 7:30 p.m. Don't you dare forget to bring along your talents and go all out for a good time.

Invitations are well extended to all students who have had one semester of Spanish. You say it's easy? It's not as easy as you think, but do try. See you at 7:30 tonight.

Tests Scheduled

Selective Service officials today reminded college students that the deadline for submitting applications for the December 4 selective service college qualification test is midnight, November 1 (Saturday), and that applications postmarked after that time cannot be considered. Local draft boards have an adequate supply of test application blanks on hand for draft-eligible students.

Students are to mail their completed applications to Educational Testing Service of Princeton, New Jersey.

To be eligible to apply for the college deferment test a student must (1) intend to request deferment as a student; (2) be satisfactorily pursuing a full-time course of instruction; and (3) must not have previously taken the selective service college qualification test.

Another test will be held April 23, 1953, but General Hershey emphasized that increasing manpower demands make it important that each draft-eligible student who has not taken the test do so as soon as possible.

Students whose academic year will end in January, 1952, have been urged to take the December 4, 1952, test so they will have a test score in their cover sheets before the end of the academic year, at which time their boards will reopen and reconsider their cases to determine whether they should be deferred as students.

Trade Club Dinner

The newly organized Trade club has been holding regular meetings and at their last session they decided to have a pheasant dinner for all members and their guests. For entertainment at the meeting two movies were shown on government functions and the benefits of government in the business world of today. The banquet is to be held on November 14.

What Is School Spirit??

We would like to examine the several kinds of school spirit. There's the kind who just like to see their names in the paper or up there in the bright lights. And then there are others who feel it's their duty to get out and support something since they go to school. Well, the way we feel about that is that it just isn't anybody's duty to be enthusiastic about Boise Junior College's games, dances, meetings and assemblies.

School life is probably the most important thing in the life of a student, and logically should be. Therefore just studies and class attendance are only two sides of the wheel. There are also such factors as friends, both faculty and students, relaxation, and what better way is there than games and parties and such, and general getting to know something about the school itself.

Therefore, we believe that everyone has "school spirit". But some just display it in a manner perhaps unfamiliar to others. Some may find greatest pleasure in demonstrating their school spirit by high marks and good attendance while others may feel that games and sports rallies are the most important phases to their college career. Either way, it is next to impossible to go to school anywhere and not have some inside feeling of "school spirit". A good citizen, is an asset to the college itself and one who takes part in civic as well as collegiate affairs, portrays an amazing amount of school spirit.

Union Nite November 8

What are you doing Saturday night, November the eighth? Why don't you come down to the Union and attend the Union Nite dance? Get your best girl or come stag if you prefer. The cost is small and the entertainment is very good. If you don't like to dance then you can stay any way and play cards downstairs or drink coke. If you find that you are without that special girl then just forget your troubles because for all the Union dances the girls are always there. And if you can't dance Miss Catherin will show you how.

Mid-Term Grades Due November 14

Students should be reminded that mid-term grades have to be in the office November 14 and that tests are being given almost every day this week, if you are sick or absent for some other reason you should consult your instructor and make arrangements to take the test at his convenience.

TESTS

TESTS, TESTS, TESTS—they are certainly flying around the BJC campus lately. Everyone seems to be carrying papers with some sort of scribbling on them. Do they understand the so-called scribbling? No! This is the reply you would most likely get. Seriously, there are a lot of examinations now and students are doing their best to learn something. Aren't they?

Mr. Bratt's choir is trying to sing the music he gives them, but finds it difficult to mix the notes with singing. Don't let it get you down, kids.

Player of the Week

When most of us attend a football game, we see only the brightly colored football uniforms. To a lot of us, the person that fills a certain uniform is a mystery—for all you know he could be your room mate.

Let us pick out a number, the left guard on the offensive team. Under those heavy shoulder pads and that shiny helmet, we would find the one and only Jack Masterson.

Jack stands 5 feet, 11 inches and weighs 180 pounds. He graduated from Vale Union high school, Vale, Oregon, in 1951. This is his second year at BJC. He is taking business administration and plans to be an accountant. His main and only sport is football, in which, as many of you have already seen, he is very talented.

Hats off to Jack Masterson for the wonderful job he is doing in helping the team to victory.

Hockey Team To Travel

Those lucky girls on the hockey team are in for a real treat in the near future. Friday morning, November 14, the team will leave on an all expense paid trip to Eugene, Oregon, where they will be guests of the sorority houses on the University of Oregon campus. The team is going on a chartered bus and will be accompanied by the girls' hockey team from the College of Idaho. Some of the lucky girls from BJC who are making the trip are Marian Kozac, captain of the team, Bunny Kane, Joanne Rediske, Joan Wadell, Danny Nielson and Delores Hanson.

BRONCO BOWL

Our own Bronco Bowl here November 22 when we play the Pasadena City College Bulldogs is attracting more and more attention. Mr. Gottenberg says that over 200 tickets have already been sold for the game and those before they were even placed on sale.

We haven't heard how the Pasadena team is traveling, but it is supposed they will fly, and if so our band and a student rooting section will turn out to receive them at the airport. That Friday evening a Union Nite has been planned by the committee with a possible pep rally before on the oval.

The day of the game will be full of color. Bands from Emmett, Mountain Home, Weiser and Boise high schools will participate along with our band in a downtown parade at 10:30. At the Wednesday meeting of the ASB executive board it was decided to call on the campus service clubs to have their membership march in the parade in order to set off each band one from the other. The Driscoll hall representative said he believed a drill team could be formed from his group to participate.

A big band festival will take place before the game starting at 1:30, at which time each band will have the opportunity to display its talents. Just prior to the kick-off all bands will mass for the playing of our national anthem. At half-time some dignitaries will be introduced but our own band will do the honors. Following the game that evening there will be an all-school dance. Admittance to Union Nite and the all-school dance will be by activity ticket only.

Panthers Fall to Broncos 71 to 13

The Broncos scored their fifth straight victory of the 1952 football season again Chaffee Junior College of Ontario, California, last Saturday night, October 25.

Thirty members of the Broncos squad flew to Ontario. The final score of the game was 71 to 12 in favor of the Broncos. Wayne Patrick, right half for the Broncos, was removed from the game during the second quarter when he suffered a badly twisted leg. He will be out of the starting lineup temporarily. Ray Miller also suffered a slight back injury.

Touchdowns were made by Patrick, White, Brown, Giles and Weber. Each of the attending Bronco players went into action during the game.

Let's take a look at Saturday's game with Ricks, an unbeaten team that undoubtedly would like to dump the Broncos. This game is the Second Annual Elks Day game and the Elks band will cooperate with our band on the pre-game ceremony.
